

TREE *of* LIBERTY SOCIETY

*Resistance to tyrants
is obedience to God.*

5 THINGS YOU CAN DO TO BE FREE NO MATTER WHO WINS ELECTIONS:

1. Network with others to buy life needs and gather resources from those of like mind.
2. Apply the Tenth Amendment of the Constitution to you personally: nullify any act of government that violates someone's life, liberty or property.
3. Be willing to pay the price the Founders paid, to have the things the Founders strove for: morality, freedom, peace, wealth, and independence.
4. Homeschool or send your kids to a private school or co-op. It should take zero government money and be administered and taught only by people who hold your values.
5. ***Defend all the above as if your life depended on it.***

WHAT IS A TYRANT?

Understand what a tyrant is so you can know what will be effective in defending God-given liberty.*

THERE ARE 2 KINDS OF TYRANTS:

1. Those who have no right to govern.
2. Those who govern tyrannically.

If the “ruler” is not appointed by God, nor chosen by the people, he is not a Ruler, but an Invader.

Those that are subject to that power, are not governed, but *oppressed*.

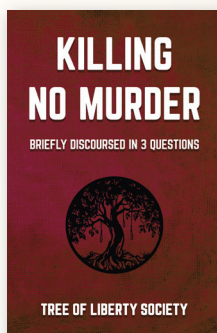

TYRANTS:

- Make war to distract and make people busy, get their money, create new taxes.
- Don't want the people gathering, even in small groups.
- Don't want people building relationships.
- Pretend to defend liberty (prop up military, use speeches, etc.)
- Rule by fraud more than force - with cunning, “plausible pretenses” or acts to impose upon men's understandings. In the end, “they master those that had so little wit as to rely upon their faith and integrity.”
- Rid the ranks of government and/or military of moral men, slowly replacing them.
- They impoverish the people with taxes, inflation, excises, etc. to make it more difficult to oppose them.
